SkyHigh Mount Dandenong Weddings

If you are looking for something really spectacular, where every wedding is as different as the changing view, a place to leave your guests with magical memories of your special day, then SkyHigh Mount Dandenong is for you! The sunsets are picture perfect and as the night falls the whole of Melbourne Unfolds into a sparkling carpet of diamonds, scattered across the horizon.

SkyHigh Mount Dandenong has superb landscaped gardens, a modern curved function space and a private viewing deck designed to showcase the breathtaking views. Our professional staff and contemporary menus ensure that dreams

My husband and I had our wedding at Sky High on the 22nd March 2024 and it was more magical than anything I could have dreamed of! From the very beginning Graham welcomed us with so much excitement and it really felt like we worked together to make the day as beautiful as it was. I had so many questions and wanted things done in a certain way and Graham made it all happen without hesitation. On the day I felt so relaxed because he handled everything from directing us down the aisle to making sure everything ran smoothly at the reception. We had our ceremony in the private garden with and it was beautiful. Plenty of space for our 100 guests and the way the sun was shining through the trees was stunning. There were so many options for photos around the garden and the sunset photos on the terrace were nothing short of beautiful! Our reception room looked beautiful, the staff were very professional and friendly, everything ran smoothly and there was plenty of food and drink! I couldn't rate Sky High for our wedding venue any higher and we are so happy with everything! 10/10!
